PLOT

Welcome kids! You are here, because
you are the best team chosen
by the leaders!

We know many superheroes like Superman, Batman, the Avengers and X-men, they all working on saving good people, but there is someone else who needs help from you! Mother Earth needs you! She is in trouble. There is too much pollution, too many bad things here. You have several missions to complete! If you fail, you have to leave the planet...

OUR HOPES ARE IN YOUR HANDS! THIS IS OUR LAST CHANCE!

SO PLEASE, SAVE US, SAVE HER!

1. CLUE

Solve it!

You have some old bag or suitcase, place it at the 1st station somewhere, where they can easily recognize it.

In the suitcase kids will find some articles from a newspaper and pictures of pollution.

They have to find out the collecting name of the things.

THE ANSWER IS: POLLUTION

The teacher at the station has a phone. If they can answer the question they can get the QR-code, with the GPS coordinates of the next station and the first piece of the puzzle.

2. CLUE

Count and plan!

Kids get a blueprint of a „super mechanic air cleaner” and a list with the needed item with the prices. Their task is to count out the price of the needed item for the machine.

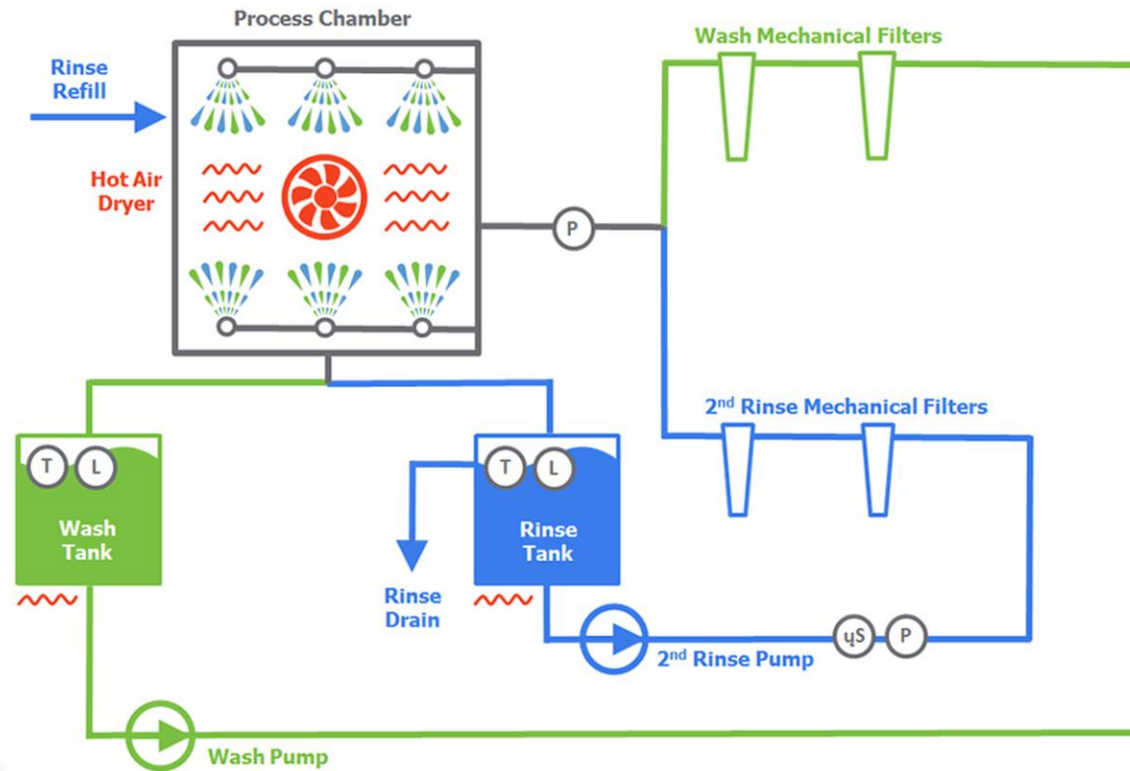

There will be several cards with numbers on it... if they can count the amount of money correctly they can get the card with the qr code of the next station and another peace of the puzzle.
